## Owsley County High School Destination Imagination Kentucky State Champions!!

Destination Imagination is an educational program where student teams in grades K through college solve open-ended Challenges and present their solutions at tournaments. In working to solve our Challenges, our teams learn important life skills like time management, collaboration, conflict resolution, and creative and critical thinking.

Destination Imagination is composed of two competitions:

1. Instant Challenges require teams to engage in quick, creative and critical thinking. At a tournament, a team will receive an Instant Challenge and the materials with which to solve it. The team members must think on their feet by applying appropriate skills to produce a solution in a period of just five to eight minutes.

In a world with growing cultural connections, increased levels and types of communication, and a new need for real-time teamwork and problem solving, the ability to solve problems quickly is becoming increasingly critical.

Instant Challenges are performance-based, task-based, or a combination of the two. Although each Instant Challenge has different requirements, all Instant Challenges reward teams for their teamwork and the creativity of their solutions. Instant Challenges are kept confidential until the day of the Tournament.

2. Team Challenges requires teams to choose 1 of the following team categories:

Technical – A problem that must be solved using skills that require lots of

research, Scientific – A problem based on issues with science, Structural – A problem that must be solved by building, Fine Arts – A problem that must utilize the Arts, Improvisational – A problem where students must act out a skit with parameters, and Service Learning – where a community problem is solved.

The Owsley County High School Destination Imagination Team, "Infinite Imagination" competed in State competition on Saturday, March 8, 2014 at Nagel Middle School in Cincinnati, Ohio. The team consists of seniors: Will Bowling, Olivia Bryant, and Kari Baker and sophomores: Axl Bryant, Frankie Jo Baldwin, Cindy Lewis, and Matthew Nuttle and are coached by Mrs. Melinda Herald and Mr. Glenn Baker. After a long day of watching other teams compete, the time arrived for our team to perform. For this year's team challenge, Infinite Imagination chose the Improvisational Challenge. There were 18 Teams (Elementary, Middle, and High School) that did this challenge and preparation for the challenge had students researching 8 characters from the past. Our team chose the following to research:

Ventriloquist (1848-1899), Shaman (1600-1699), Philosopher (200-322), Mobster (1900-1928), Pharaoh (3200 BCE – 199), Mother (1929-1979), Samurai (1100-1368), and Sailor (1369-1599)

We also had to learn about the following stage makeup styles:

1. Animal
2. Fantasy
3. Monster
4. Kabuki

5. Doll
6. Clown

A contemporary character and a pandemonium (problem) was also chosen at random.

Combining these four pieces of the puzzle, our students had to perform a skit using Clown makeup on one character, a philosopher from the past, a human resource officer from today, and the problem of a new building having no sewer system.

What a great performance!!! Here are some of the comments that the judges wrote:

"The clown was so funny, loved the enthusiasm!"  
"Very creative and great improve! Such a great storyline that really flowed! AWESOME job!"

"Very talented team. Loved the acting!"  
"Funny clown. You all work very well together as a team. ☺"

"Loved the wit of the philosopher – 'I only think, I don't make things.'"  
"Good acting of those who needed to use the restroom – now I have to go!!"

Owsley County High School's DI Team advanced to Global competition where they will compete with other students from all 50 states and 39 countries around the world! We now have to raise \$6850 to go to Globals, so we could use some donations. Anyone wanting to donate to this wonderful opportunity for our students can contact Mrs. Melinda Herald or Mr. Glenn Baker at (606) 593-5186. Thank you for your support of our talented students!

## Mayor Long Presented With Sprit of Aging Award

City of Booneville Mayor Charles Long was presented with the KY River Mental Health and Aging Coalition's Spirit of Aging Award. This award is given through the Kentucky River Area Development District. Pictured is Mayor Charles Long with Mrs. KY USA Destin Kincer receiving his award.

## Local KRADD Board Members Wreck

Last Wednesday Mayor Charles Long and Dale Bishop had a scare as they were traveling to the KRADD Board meeting at Hazard, KY. Mr. Bishop was driving Mayor Long's car. They were almost at their destination, when the car accelerated and started sliding, stated Mr. Bishop. From preliminary reports, it looks like a tie rod broke and caused the car to skid out of the road and landed on its side, trapping both of them in the car. The jaws of life had to be used to cut them out. Both were minorly bruised and a few cuts but were for the most part unharmed. As you can see below, Major Long went on to the meeting and received his award.

## New grief support series offered in Beattyville

A five-session Grief Support Group Series began Friday, March 7, and will continue for five sessions.

The group is offered by Hospice Care Plus and meets five Fridays in March and April: March 7, 14, and 28, and April 4 and 11. Each session is from 1:30 to 3:00 pm at All Saints Catholic Church on River Drive in Beattyville.

The series is co-facilitated by Mary Johnson, a social worker with Hospice Care Plus's Booneville office, and Sister Alice Retzner of All Saints Catholic Church. The series is open to the public and there is no charge to attend. Registration is not required.

Nora Brashear, LCSW, the coordinator of Hospice's grief programs, says the series provides support and education by "sharing stories and learning from others how to cope with the loss of a loved one."

She also says the series offers a safe place to ask hard questions, such as "why me?" Participants are able to "find their own answers to these kinds of questions among the caring support of others who are on a similar journey." Talking, however, is optional.

"Privacy is always respected," said Brashear. "You don't have to talk if you don't want to, and you don't have to come to every session."

To learn more about the Grief Support Group Series, contact Johnson at 606-593-9780 or hospice@hospicecp.org. Hospice Care Plus

is a non-profit provider of compassionate hospice, palliative and bereavement care for Estill, Jackson, Lee, Madison, Owsley and Rockcastle counties.

All services are provided regardless of ability to pay. To learn more, visit hospicecp.org or Hospice Care Plus on Facebook.

**OUTDOOR TRUTHS**

**by  
GARY  
MILLER**

It doesn't take too many warm days in a row and one begins thinking spring. And with the recent time change, I'm all in! It's official for me. Let the world begin again – afresh, anew, and with gobs of possibilities of which all include the outdoors.

I think the toilsome, long winter only magnified my excitement about the upcoming warm days. Stories of limits of crappie have stirred my restlessness as well. My mind is running wild. I have a substantial list of things I need to do around the house. Spring cleaning has become spring restoration. I am also eager to jump on a tractor and prepare fields and to even plow up my little garden. But while my eagerness wanes from year to year, the constant of spring is sure. It may come in as a lion or a lamb but it is coming. It may be wetter or dryer than normal, but it is coming. It may be hotter or colder than normal, but it is so sure we actually have given its arrival an official date. March 20th. Does it sound presumptuous that we do that? I hope not. It has not let us down as far back as civilization. It is one of many constants that scientists cannot explain. Others include why gravity's pull is the same, why the earth turns at the same speed and even why water always boils at 212 degrees Fahrenheit. These constants are so sure that our whole life is built around their reliability. It goes the same for hunting and fishing. Aren't you glad the powder in a shotgun shell or the amount of gas your boat needs to operate doesn't change from day to day? The universe is really fine-tuned. So what is the take from all of this? And why should I care? The take is this. The creator of this universe is also the sustainer of this universe. That means that while He may have set some things in motion, He is still active in its processes. We may say that it seems that He must have better things to do or that He would forever be busy. But these conclusions are based on a human response to what it means to be better or how much activity we think one needs to be busy. You see, the constants for the universe were created by One who was outside of it – One who has his own constants. What are they? They are many but the main one is love and a second one is that He does not change. And this is why we should care.

**TANYA BREWER  
TREADWAY NEELEY**

**candidate for  
OWSLEY COUNTY  
JUDGE EXECUTIVE**

Hello, my name is Tanya Brewer Treadway Neeley and I am a candidate for the office of Owsley County Judge Executive. I am the daughter of Beulah Brewer and the late Mr. Robert Brewer Jr., the wife of Alex Neeley and the mother of Randon Neeley, Katilynn, Sydney and Mackenzie Treadway all of Booneville, Kentucky. A native of Owsley County, I graduated from Owsley County High School in 1991 and attended Eastern Kentucky University where I received my Bachelor of Social Work degree in 2006 and in 2012, I returned to Eastern Kentucky University to complete graduate school in the field of Mental Health Counseling (LPCA). I would like to share some of my experience that I feel will help me as your County Judge Elect move Owsley County forward:

- At the age of 21, I was recognized by the Corporation for Enterprise Development (CFED) in Washington D.C., as the youngest program developer in the field of Individual Development Account Programs. This program and the work that I completed help to set the course for individual development accounts, as we know them today.
- It was also during this time that I wrote a proposal for the first food bank in the community, which is known as the Owsley County Food Bank, now ran by the ministerial association. The food bank remains a wonderful source of assistance to those in need.
- In 2008 I was nominated as the Outstanding Department of Community Based Services State Social Worker of the year for my work with children and families in the field of Protection and Permanency.
- Since 2008 I have worked as a Social Worker at the Family Practice Clinic of Booneville Inc. assisting many citizens of Owsley County with their physical and social health care needs. I have also secured many Grants that were compatible for Rural Health funding, while also writing many compliance policies and procedures.

I have listened to many of you ask, why our citizens are not provided with industry to work? Why do so many other communities receive grant funding for projects and activities for their youth, when our county is left behind? Why are there so many of us who care but feel helpless? I feel your frustration!!!

The answer is simple. In order to receive the jobs, grants, and the sense of ownership that so many of our citizens have lost, Owsley County must be led by someone who is familiar with community development and the grant funding world. As you can see with my experience, I AM THAT PERSON. But most importantly, our county must be given back to the people. I understand this and if elected not only will I work tirelessly to move our county forward, my door will always be open to EVERY citizen to hear your concerns and assist in finding a solution to every issue that may arise.

If elected I will employ an experienced grant writer and oversee their work to ensure our county continues to move forward. If funds are not allocated for the employment of a grant writer, I will propose a portion of my own salary to secure their employment. As I said, moving our community forward is very important to me and if elected I will ensure it with every action I take.

FAVORTISM will not be offered or given to any one person or family. Only with EQUALITY among all citizens will we move forward in surviving the ever-changing world around us. We have stood still for far too long and it is time for unity in order to pursue growth.

You see, I promised my children when I sent them away to college that once they were finished, they would have a hometown to return to. I do not break my promises to my children. Just like, I will not break my promise to you, the citizens of Owsley County.

The time has come for ever citizen in Owsley County to be heard. The time has come for GROWTH in Owsley County. In addition, the time has come for STRONG LEADERSHIP in Owsley County.

If you want EXCELLENCE, EDUCATION, and a TRUSTED LEADER with proven EXPERIENCE, then I humbly ask for your vote for Owsley County Judge Executive. #1 on the Republican ticket.

Paid for by Tanya Brewer Treadway Neeley

## Promise Neighborhood Offers Free Family Program

Parents and children can disconnect from the rest of the world and enjoy time together through Middle School Families and Schools Together (FAST), a program that helps families and schools build connections. Parents who participate will walk away with tools that can benefit their sixth-grade student or students for a lifetime. Families who participate in the program receive: a family meal; time for playing family games; a family fun basket; a chance to meet other families; the opportunity to learn about becoming financially stable, which comes with \$40 upon completion. The program is free and will be held at Owsley County High School. Sue Christian, Promise Neighborhood Family Engagement

Specialist, is organizing the program. The first Middle School FAST meeting will be held Monday, March 24, 5:30 p.m. at Owsley County High School. For more information, contact Sue Christian at (606) 593-7380 or Sue\_Christian@berea.edu. You can also stop by the Owsley County Promise Neighborhood office at 66 Old Highway 11 N. in Booneville. FAST is sponsored by Promise Neighborhood. Promise Neighborhood is a federally-funded education initiative of Berea College's Partners for Education. Promise Neighborhood is

working to help children in Jackson, Clay and Owsley Counties achieve success from cradle to career. The program is designed to collaborate with schools, families and communities. Promise Neighborhood's work in Owsley County has been concentrating on partnering with early childhood educators and parents to improve school readiness, placing academic specialists in schools to help students improve their learning, sponsoring health and wellness programs, improving student safety and increasing high school and post-secondary graduation. Promise Neighborhood has also worked with the schools to bring in artists who use the arts to help improve student learning. FAST is an important part of the Promise

Neighborhood work because when families are strong, students reach success. This project is paid for by Federal Promise Neighborhood funds. Berea College has been awarded a five year Promise Neighborhood Implementation grant from the U.S. Department of Education (2012- 2016) totaling \$59,932,934, 50% (\$29,966,467) Federal funds and 50% (\$29,966,467) non-Federal funds.

Note: If you would like further information or a photo from a previous FAST program that can accompany this article, please contact Sue Christian or Beth Dotson Brown, [brownbe@berea.edu](mailto:brownbe@berea.edu) or (859) 985-4163.

OBITUARIES

James Harris

Beloved father and friend, James Harris, 88, of Connorsville, died Friday morning, March 7, 2014, at Reid Hospital, Richmond.

An Owsley County Kentucky native, James was born October 10, 1925 to Lewis and Vicie Richardson Harris and attended Grassy Branch School in Ricetown, Kentucky. James served in World War II with Company B, 29th Infantry Regiment and was decorated with the Army of Occupation Medal. On September 28, 1950, James was married to the former Madelon Amis, who died July 6, 2005. He worked at Ford Motor Company on the Assembly line for 35 years before retiring in 1985. James was a past member of Calvary Baptist Church and Baptist Temple, of Connorsville and a member of the I.U.E. Local 919. He enjoyed being outside and reading, especially The Booneville Sentinel. James never forgot his Kentucky roots, his ties to the people or the land that will forever remain in his heart.

James is survived by his son Richard D. "Rick" Harris of Grand Forks, North Dakota; his daughters: Sharon G. Parvis of Connorsville; his sisters: Leona Brown and her husband Elvie of Riverside, Ohio and Myrtle Kemper of Eubank, Kentucky; several nieces and nephews and special daughters Karen Harris of Remstein, Germany and Michaelle Jones of Connorsville.

In addition to his parents and wife, James was preceded in death his infant son: Gary Harris; nine siblings: Herman, Delbert, Steve, Willie, Lewis, Wayne and Hiram Harris; Lucy Staup, and Norma Jean Coffey.

Funeral services will be conducted at 2 p.m. Saturday at Showalter Blackwell Long Funeral Home, Myers Chapel, Connorsville. Interment will follow in Dale Cemetery with military honors conducted by the Fayette County Veterans Council. Friends may visit at the funeral home from 12 p.m. to 2 p.m. Saturday where memorial contributions may be made to the Lord's Table or the Fayette County Public Library. Thank You

The family of Vanessa Lynn Abshear would like to thank all people who brought food and flowers. A special thanks to Auntie Betty and Gary Oliver and the Booneville funeral home. Thank you to preacher Garrett Thomas and to all Vanessa's friends at work. Thank you to Derick Judd, Russell Elkins and Peggy G. Thanks to Chase, Mandy, and Rodney and her uncle Sedric Gilbert.

From the Abshear family;  
James, Imogene, and Ron.

Thank you  
from the family of Wayne Pryse

First, we would like to apologize for the delay in getting out our thank you to everyone. You know when you loose a loved one so suddenly it kind of takes a toll on you. With that said, our family would like to send our thanks to Searcy and Strong Funeral Home for all their help during our hard time. The venue and everything was beautiful just as Wayne would have wanted it to be. We would like to thank Terry Sandlin for the wonderful service he provided at the funeral. Your words were very uplifting and beautiful. To Rob Morgan and his wife; the songs you sang were so wonderful. We want to thank you for sharing this hard time with us and helping ease our pain. Wayne would have loved it, being a music lover himself.

We would like to thank Payton's Place Flower Shop for all the wonderful arrangements they made. Also for the casket spread, which was so beautiful that, words are hard to find. To the many friends and family that were able to come share in our grief at the layout and the funeral, we want to thank each and every one of you. To every one who was able to call or bring by food, send flowers or a nice message through social media, we thank each of you as well.

To the ladies of Eastside we want to thank you for the wonderful dinner you provided for our friends and family after the funeral service. Your kindness will never be forgotten. To all those out there that sent up prayers for our family during this time we thank you for those as well. Wayne may be gone from our world but he will never be gone from our hearts and when we join him someday we shall all walk the streets of Heaven together.

LEGAL NOTICE

The Kentucky Transportation Cabinet

In accordance with KRS 176.051, Kentucky's noxious weed law, the Kentucky Transportation Cabinet will control noxious weeds on state-owned right of way at the request of the adjoining property owner. The noxious weeds named in this law are Johnson grass, giant foxtail, Canada thistle, nodding thistle, multilora rose, black nightshade, wild cucumber and kudzu. Persons who own property adjacent to state right of way and who are involved in eradication efforts on their property can submit a written application to the highway district office in their area. Applications and addresses of each district office will be located at state highway garages.

PICTURES FROM THE PAST

This week we feature a picture of Johnnie Sebastian. Mr. Sebastian taught in the Owsley County School system for many years. Submitted by the Owsley County Historical Society, P. O. Box 1166, Booneville, KY 41314, phone (606) 593-6755 or email [ochs2002@prtcnet.org](mailto:ochs2002@prtcnet.org).

Farmer's State Bank  
Owls/Lady Owls  
Player of the Month Award

Chelsi Handshoe was chosen as our Lady Owls player of the month for March. In Chelsi's last game, she entered into the Lady Owls 1,000 point club. Chelsi was the Lady Owls senior leader this season and they fell just short against Lee County in the first round of the districts. Congratulations, Chelsi, on scoring 1,000 points in your career and your great play this season! Good luck with your future endeavors!

Blake Combs was chosen as our Owls player of the month for March. Combs has become a scoring threat for the Owls over the course of this season. Combs displayed his scoring abilities in the 56th District Junior Varsity Tournament. He helped lead the Owls with victories over Lee and Powell. Combs scored in double figures in both games helping the Owls team capture the 56th JV District title. Congratulations, Blake, on leading your team to the championship!

Farmer's State Bank is a proud supporter of our  
Owsley County Owls and Lady Owls!

## Owsley County Judge Executive

To The Citizens of Owsley County –

Four years ago, I asked you, the citizens of Owsley County to support and elect me as your Judge Executive. And you did! I promised you then that I would work hard to try to improve our county and I have and continue to do just that. I had big plans when I ran for office four years ago, but soon realized that the laws of local government do not always allow you to see these plans through. My main goal was (and still is) to bring industry and jobs to our people and I continue to pursue every possible option. After taking office in 2011, I realized that available funds to run the county were extremely low. I had to beg and borrow to make payroll for county employees the first several months. I learned quickly how to budget and prioritize.

When I took office, I inherited the partially completed Civic Center, started by the previous administration. I have called and met with the state grant commissioner many, many times during the past four years trying to determine the best way to proceed. While the commissioner and his staff have been on site several times and while we have applied for grant after grant, thus far all have been denied. However, we will continue to look for and apply for funding to complete this project.

During the past four years coal severance money, that has been a big part of county funding, has become almost non-existent. I have worked closely with the offices of Congressman Hal Rogers and Senator Mitch McConnell, as well as Senate President Robert Stivers and Representative Marie Rader to find alternative means to fund our projects. I have attended every state conference to keep abreast of opportunities for Owsley County. I also continue to work closely with the Kentucky State Department of Transportation to ensure that the Highway 30 Project from London comes to Booneville. Presently, the state is in the process of buying rights-of-ways in Owsley County. A better highway system is essential to bring any type of industry and jobs to our county.

For the past two years, county and city officials have been advertising the Lone Oak Industrial Park, nationwide. We have spent thousands of dollars to try to entice companies to come to Owsley County and bring industry to the empty industrial park buildings. We continue to work closely with the Cabinet for Economic Development and hope that we will eventually be successful.

During my term in office, I have worked with our local school officials and state transportation officials to get a stop light for our school intersection. The light is now operational and will provide better traffic control and a safer environment for our schools and community.

For security purposes, I have had video camera equipment installed in and around the courthouse and around all county property, thus protecting county investments. This spring we will install cameras around the Owsley County Little League baseball field at the Owsley County Park, insuring the safety and security of our youth and their families.

Since our county was voted “wet”, I have made it a priority to learn all that I can about the laws governing the sale of alcoholic beverages. I have traveled to Frankfort many times in the past year to meet with the state ABC (Alcohol Beverage Control) officials to ensure that all holders of alcohol licenses meet all requirements and follow all state and local laws.

Recently, I have been elected to one of five state Red Cross boards in Kentucky. I feel certain that in this position, I will be able to better serve the citizens of Owsley County during emergency situations.

At this time, I would like to send a big thank you to our state and county highway departments. They have done an excellent job in keeping our roads clear during one of the worst winters in recent history. I could not ask for a better group of individuals to maintain our county roads. I was fortunate to keep these employees from the previous administration and they continue to do a great job for our county. This time of year is the worst for road maintenance and we are working overtime to replace and repair the damages done by the constant freeze and thaw. Please be patient with us as we try to get to all roads as soon as possible. Also, when someone in our community passes away, we make it a priority to call the funeral home to ensure that the road to the appropriate cemetery is graded and graveled before the funeral. If you or your family has a need of this nature, please let me know.

I have been to the Kentucky Department of Transportation offices in Frankfort and Jackson and to Senator Stivers’s office in Frankfort numerous times over the past few years to obtain funding to build a new low water bridge at the mouth of Wolfe Creek. At this time, I am seeking state and federal funds for this new bridge, and we hope to have it completed in the near future. For some time, the magistrates and I have also lobbied for the construction of guard rails from the water plant to Riverside Apartments, along the river. Currently, the state is accepting bids for these guard rails and we hope to have them completed this summer.

There has been some concern about the highway repairs that were made on Old Highway 11. After excavations on the adjoining property, there was some breakage along the boundary of Old Highway 11. The property owner agreed to use his time and equipment to make necessary repairs to the highway free of charge, if the county would supply the steel. The magistrates and I agreed that this was the best and most economical way to repair the road and since no payment was needed, no bids were taken. Additional black top repairs will begin on this section of Old Highway 11 this spring.

During the past four years, I have tried to maintain an “open door” policy. I feel that your judge should always be available to hear your concerns and I will continue to do so. I have tried to conduct the office of Owsley County Judge Executive in a friendly, honest and effective manner. I have tried to address all issues of concerned citizens in a way that is fair to all parties involved, while still following the guidelines and laws that govern this office. In the coming weeks, I look forward to visiting with you to discuss your concerns for Owsley County. I hope that you will once again give me your support and your vote, as we continue to work for a better community for us all!
